Entries

We have been very pleased with the response to date and we have many new competitors on this year's event. There are still a few places left so if you have any friends who are interested in taking part in what has become the most authentic recreation of an RAC Rally from the pre stage rally days please do ask them to give us a call.

Regulations

These are enclosed. Please do make time to read through them before the event. It's far easier for us to resolve any queries before the event.

Payments

Enclosed with this letter is details of any further payments that are required.

Honesty Form

Please can you complete the enclosed honesty form and return to the Rally Office as soon as possible. It is in your interest to get it back to us quickly as it then enables us to advise you of any regulation infringements that may be subject to penalty. Often when competitors are forewarned the infringement can be rectified and no penalties incurred.

Map List

The list of maps that has been used to plan the event

is included as Appendix 2 in the Supplementary Regulations. Also listed there are contact details for The Map Shop.

Route Information

It is our intention to send out most of the route information about 10 days before the event to reduce the pressure on co-drivers having to spend hours hidden away plotting rather than enjoying the social aspects of the tests. Some information regarding regularities, tests and the evening navigation sections will be issued at documentation or during the event as appropriate.

Dress Code

We hope that you will maintain the dress code traditions of the Rally of the Tests and special awards are presented for the best dressed crew. We will be observing dress code from documentation onwards. The tradition continues into the prize giving dinner which will be "black tie"

Hotels

A booking form for single rooms and pre start accommodation is included. Availability for single rooms is limited so please do try to get the form back as soon as possible.

Baggage Van

Enclosed with this mailing is a booking form for the

baggage van. This will collect from Bournemouth and baggage will be delivered to and collected from all "official" hotels on the event. Alternatively you may just leave items in the van to be collected at the finish. Please book as soon as possible as there is a limit to the amount of baggage we can carry.

Classes and Categories

Enclosed with this newsletter is an entry list with the provisional class structures. In order to keep the scoring system fair we really need at least five cars in each class so depending on subsequent entries there may be a need to merge some classes.

Marshalling

Our Chief Marshal Bob Redhead is still interested in offers of help so if you have any friends and relatives or would like to come and see you in action please ask them to give Bob a call on 01229 824131 or email - bredhead79@googlemail.com - please note this is a new e mail address for Bob.

Any Questions

Please don't hesitate to contact us should you have any queries. If you get the answer phone but we will call you back as soon as we can.
